

Data Processing Addendum

Parties: Adventure Works Group and Vertex Insights Cloud Services LLC

Effective Date: 05 April 2026

Jurisdiction: Delaware, USA

Illustrative Risk Profile: High

This is a synthetic mock contract created for solution design, extraction, and risk-assessment demonstrations.

1. Processing Instructions

Processor shall process personal data solely on documented instructions from Controller, except where required by applicable law.

2. Cross-Border Transfers

Controller hereby authorises Processor to transfer personal data to any country in which Processor or its subprocessors operate, without further notice, provided Processor considers such transfer commercially necessary.

3. Security Measures

Processor shall maintain administrative, physical, and technical safeguards that it deems appropriate in its sole discretion.

4. Subprocessors

Processor may appoint subprocessors at any time without prior notice or objection rights for Controller.

5. Breach Notification

Processor shall notify Controller of a confirmed personal data breach within fifteen (15) business days after Processor completes its internal investigation.

6. Audit Rights

Controller may request one summary compliance statement per year. On-site audits are not permitted.

7. Liability

Processor's aggregate liability for any claim arising from this Addendum shall not exceed one month of fees paid under the main agreement.

8. Deletion and Return

Upon termination, Processor may retain personal data for as long as needed for business continuity, archival, analytics, or legal purposes.

Author note: Contains weak security, unrestricted transfers, delayed breach notification, no audit rights, long retention.
